PIs and Consent

Student use of ai participant information sheet

Student use of AI participant sheet

This survey forms part of an independent longitudinal research project examining staff perspectives on the use of Generative Artificial Intelligence in teaching and assessment. It is not part of institutional monitoring, performance management, or compliance processes. The data collected will be analysed solely for research purposes and will not be used to evaluate individual student practice or to inform University oversight or governance procedures.

This study follows on from data collected in the 2023 to 2024 academic year. As part of the longitudinal design, the survey questions remain the same as those used previously in order to allow meaningful comparison over time. It is recognised that institutional guidance and

practice regarding Generative Artificial Intelligence have evolved since that earlier data collection. In particular, some assessments have been redesigned to permit or actively encourage certain forms of Generative Artificial Intelligence use. Your responses are therefore especially valuable in capturing how perspectives may be shifting within this changing context.

In this survey, references to unacceptable use of Generative Artificial Intelligence refer to uses that would constitute academic misconduct under current University policy. Examples include falsifying or fabricating data using Generative Artificial Intelligence, generating references that do not exist, or paraphrasing AI generated text with the intention of disguising authorship and presenting the work as wholly one's own where this is not permitted. References to acceptable use refer to uses that are consistent with current University policy, for example using Generative Artificial Intelligence to support background research, summarise text, assist with idea generation, or improve clarity of expression where such use is permitted within assessment guidance.

If you have any questions about the study, please contact the principal investigator for this wave of data collection, Dr Caroline Hands, at cahands@liverpool.ac.uk.

Please check the box below to indicate you agree to the following points:

1) I confirm that I have read and have understood the information sheet dated 9.11.23 for the above study, or it has been read to me.
2) I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.
3) I understand that taking part in the study involves the completion on an online survey on topic of GAI (Generative artificial intelligence) use for academic purposes and involves providing optional free text answers.
4) I confirm that I am not currently under investigation for a potential breach of the academic integrity policy.
5) I understand that my participation is voluntary and that I am free to stop taking part and can withdraw from the study at any time (prior to submission of my answers) without giving any reason and without my rights being affected. In addition, I understand that I am free to decline to answer any particular question or questions.
6) I understand that I cannot ask for access to the information I provide and I cannot request the destruction of that information once the form has been submitted because the information is anonymised on submission. I can however choose to not submit the

information by refusing to submit the form.
7) I understand that I should not disclose any identifiable information in the free text boxes but if I do so, and the information provided puts the investigators under a duty to disclose, then my data will not be kept anonymous.
8) I understand that short extracts of my words may be used in the results of this study. However, I will not be identifiable from these quotations which will be attributed to a pseudonym.
9) I understand that the information I provide will be held securely and in line with data protection requirements at the University of Liverpool. I understand that signed consent forms and completed surveys will be retained on private University of Liverpool OneDrive accounts by the principal investigator until completion of the study.
10) I agree to take part in the above study.

- ○ I agree to the above points please show me the questionnaire.
- ○ I no longer wish to complete the questionnaire

Introduction & Instructions

All questions are optional, you can skip any you do not wish to answer.

You should not include any identifiable information in the free text boxes.

Did you complete the previous version of this survey

- ○ No
- ○ Maybe
- ○ Yes in 2024

Are you an undergraduate or postgraduate student?

- ○ Undergraduate
- ○ Postgraduate
- ○ Other

What is your year of study?

- 1
- 2
- 3
- 4
- 5 and upwards

Which faculty does your course belong to?

- Science and Engineering (S&E)
- Humanities & Social Sciences (HSS)
- Health and Life Sciences (HLS)
- Other faculty

PI: GAI use in assignments

The following questions relate to the use of Generative artificial intelligence (GAI) and their use in your assignments.

Do you use Generative Artificial Intelligence (GAI) to help with any of the following university assignments?

Answer using the following choices.

1 = Always or Almost always
2 = Often
3 = Sometimes
4 = Rarely
5 = Never

	(Almost) Always	Often	Sometimes	Rarely	Never
Preparation activities	○	○	○	○	○
Writing of assignments	○	○	○	○	○
Proofreading and redrafting	○	○	○	○	○

Please list any GAI tools you currently use:

If you use GAI, please describe the tasks have you used

it for and what benefits it brings to you?

If you do not use GAI, what stops you from using it?

Do you think other students use GAI?

- [ ] Yes and in acceptable ways
- [ ] Yes and in unacceptable ways
- [ ] Unsure
- [ ] No

If yes, how many students on your course would you guess are using GAI?

- ○ Most
- ○ Some
- ○ Few
- ○ None

Do you use/think you will use GAI outside of University?

- Yes
- Unsure
- No

If yes, in what situations outside of University do you use/envisage using GAI in?

PII: Experience of policy and guidance documents

The following questions will ask about guidance and policy surrounding GAI

Are you aware that there is a specific guidance document detailing acceptable and unacceptable use of GAI?

- ○ Yes, and I have read it
- ○ Yes, although I have not read it I know what it contains
- ○ Yes although I have not read it, and I don't know what it contains
- ○ No, but I know what it contains
- ○ No, and I have no intention to read it
- ○ No, and I don't know where to find it

If yes, how did you find out about this document?

Which of the following constitute as acceptable or unacceptable use of GAI to you?

1 = Acceptable
2 = Unsure
3 = Unacceptable

	Acceptable	Unsure	Unacceptable
Background research	○	○	○
Identification of core concepts	○	○	○
Summarising text	○	○	○
Writing a conclusion	○	○	○
A student submitting AI generated work as their own	○	○	○
Note taking during group discussions	○	○	○

	Acceptable	Unsure	Unacceptable
Organising work	○	○	○
Formatting a reference list	○	○	○
Quoting AI generated text for a specific and justified purpose	○	○	○
Submitting AI generated work without a citation	○	○	○

Using AI to paraphrase the work of another	○	○	○
Using AI to translate the work of another	○	○	○

	Acceptable	Unsure	Unacceptable
Using GAI improve spelling and grammar	○	○	○
Uploading data generated by GAI in empirical research projects	○	○	○
Using AI to translate your own work into English	○	○	○
Using generative AI in a way that conflicts with programme or module level guidance	○	○	○
Using generative AI in a way that conflicts with the specific instructions for a piece of assessed work	○	○	○
Using generative AI to conduct a literature search	○	○	○

	Acceptable	Unsure	Unacceptable
Using generative AI to create references	○	○	○
Using generative AI			

Using generative AI to respond to an email sent by the University	○	○	○
Using generative AI to analyse quantitative data for an assignment or project	○	○	○
Using generative AI to analyse qualitative data for an assignment or project	○	○	○

Do you think there are other uses of GAI not covered by the list or any questions above?

For each additional use listed, please describe if you think the use is acceptable or unacceptable in the context of assessments in University.

PIII: Staff reaction to GAI

The following questions relate to how you perceive staff are reacting to GAI

Does your school/department provide subject specific guidance on GAI use for your assessments?

- Yes, all assignments
- Yes, some assignments
- No
- Unsure/don't know

How many assessments have you submitted so far in the 2024/25 academic year? (Write your answer as a number e.g., 4)

How many of your assessments have included **specific instructions allowing the use GAI technologies** during semester one? (Write your answer as a number e.g., 4)

If applicable, please briefly describe these assessments and the instructions given to you (E.g., essays, not timed, open book)

Do you think using GAI for these assessments provided any benefits to your learning?

- Definitely not
- Probably not
- Unsure
- Probably yes
- Definitely yes

How many of your assessments have included explicit **instructions not to use GAI technologies** during semester one? (Write your answer as a number e.g., 4)

If applicable, please briefly describe the assessments and the instructions given to you for these (E.g., essays,

timed, closed book)

Did you understand why GAI use was not permitted for use in these assessments?

- Definitely not
- Probably not
- Unsure
- Probably yes
- Definitely yes

How many assessments have you been given where no reference to GAI has been made in the instructions? e.g. where specific guidance has not been given relating to GAI (Write your answers as a number e.g., 4)

How confident did you feel in (or not) using GAI technologies for these tasks?

- Definitely not confident
- Somewhat not confident
- Unsure
- Somewhat confident
- Definitely confident

Have you completed any online exams in the 2024/25 academic year?

- Yes
- No

If yes, did you use GAI in any of your online exams?

- Yes all of them
- Yes some of them
- No but I considered it
- No and I did not consider it

In general, what percentage of staff on your course promote the use of GAI?

- Most (70%+)
- Some (40-69%)
- A few (1-39%)
- None (0%)

In general, what percentage of staff on your course prohibit the use of GAI?

- Most (70%+)
- Some (40-69%)
- A few (1-39%)
- None (0%)

Are there any additional comments you would like to make in terms of your experiences of GAI to date?

Self regulation Q's

Thinking about your studies in the last academic year please answer the following questions.

I sometimes procrastinate to the extent that it negatively impacts my work.	
I should begin my coursework earlier than I do.	
Sometimes I cannot motivate myself to study, even if I know I should.	
choose never if paying attention	
During class time I often miss important points because I'm thinking of other things.	
I find it hard to stick to a study schedule.	
Other things in my life tend to take priory over this course.	
I rarely find time to review my notes or readings.
